## **County postpones open house due to winter storm warning**

*Meeting on Quincy Ave. and Brick Center Rd. improvements rescheduled to Mar. 14*

**Bennett, Colo.** – Arapahoe County will postpone a transportation open house scheduled for Thursday evening in Bennett due to a winter storm warning and blizzard conditions forecasted for the eastern plains.

The Public Works and Development Department will postpone its Feb. 21 public open house regarding road improvements to East Quincy Avenue and South Brick Center Road due to a severe winter weather forecast and potentially hazardous road conditions. The National Weather Service is calling for 6 to 12 inches of snow with 15 to 25 mph winds in eastern Colorado, causing blowing snow and poor visibility. The Winter Storm Watch is in effect from 6 p.m. tonight until 5 p.m. Thursday.

In order to ensure citizens' safe participation, Arapahoe County will reschedule the meeting to 5-7:30 p.m., March 14 at the Arapahoe County Eastern Service Center Community Room at 4405. S. County Road 129. The open house will provide design information and address questions related to improvements planned for South Brick Center Road from East Mexico Avenue to East Quincy Avenue, and for East Quincy Avenue from Kiowa-Bennett Road to Strasburg Road.

During the storm, citizens are advised to avoid travel in the eastern portion of the county unless absolutely necessary, so that snowplows can keep roads clear. Visit [www.weather.gov](http://www.weather.gov) for more information.

Please call Public Works and Development at 720-874-6500 with questions related to the rescheduled open house.
