Arapahoe County Motor Vehicle, Driver's License office in Littleton closed Friday afternoon after the discovery of a bed bug at a workstation *Pest Control company will be brought in today to inspect office and building*

Littleton, CO --- The Arapahoe County Administration Motor Vehicle and Driver's License location at 5334 S. Prince St., Littleton, will be closed Friday afternoon after the discovery of a bed bug at a workstation desk.

As a precaution, employees in the Motor Vehicle and Driver's license office at the County's Administration building were sent home and Arapahoe County has contacted a pest control company experienced in eradicating bedbugs to inspect the Motor Vehicle Office, as well as the County's Administration Building.

"We are closing the Motor Vehicle Office immediately to determine if there are additional bed bugs," said Clerk and Recorder Nancy A. Doty. "We want to err on the side of caution and we sincerely apologize for any inconvenience this may cause to our customers."

If bed bugs are found, the County will treat any affected areas.

While bed bugs do not transmit diseases they can be difficult to control, and the source of bed bugs often cannot be determined as bed bugs may be found in many places. Bed bugs can easily enter a home or a business through clothing, backpacks, purses, laundry, old books and suitcases. A fact sheet on bed bugs is available on Tri-County Health Department's web site, at

http://www.tchd.org/pdfs/bed_bugs_fact_sheet.pdf.

The Elections, Recording, Marriage License and Passport office will remain open. Arapahoe County residents who need to renew their Driver's License or their Motor Vehicle registration can visit the following locations:

- **Aurora (Motor Vehicle only)**
490 S. Chambers Road
Aurora, CO 80011
- **Altura Plaza (Driver's License only)**
