Assessor's satellite office in Aurora moves to new location Sept. 12

Aurora, Colo. – The Arapahoe County Assessor's Office will move its satellite office in Aurora to the County's Altura Plaza facility, located at 15400 E. 14th Place, Suite 500, Aurora, CO 80011, just 2.5 miles north of its existing location at CentrePoint Plaza.

The Aurora branch office will be closed at 2:30 p.m. on Sept. 9 to complete the move. It will reopen to the public on Sept. 12 at the new Altura Plaza location, with office hours from 8 a.m. to 4:30 p.m., Monday-Friday. The Assessor's main office at the County Administration Building (5334 South Prince St., Littleton) will remain open during and after the move.

The Arapahoe County Assessor's Office maintains and provides public records for all real and personal property in the County, including ownership and parcel maps. The office is responsible for classifying and appraising property for the purposes of taxation to fund public schools, county government, special districts and municipal governments in the County. Arapahoe County has approximately 350 taxing districts.

The relocation of the Assessor's satellite office will help to free up space at the County's CentrePoint Plaza facility, where there is increasing public demand for services and cash, food and medial assistance benefits through the Department of Human Services.

"We are pleased to maintain a satellite office in Aurora to serve citizens in the eastern portion of the County, as well as to conserve fuel costs for appraisers who work in this area," said Assessor Corbin Sakdol. "Arapahoe County owns Altura Plaza, which makes the space cost-effective and convenient for the long-term."

Citizens can contact the Arapahoe County Assessor's Office at 303-795-4600 or visit www.co.arapahoe.co.us and click on "Departments" and then "Assessor" for more information.
