## **Arapahoe County to hold Dec. 7 public hearing to consider adoption of 2035 Transportation Plan and Parker Road Corridor Study**

**Littleton, Colo.**--- After a yearlong study, the Arapahoe County Board of County Commissioners will hold a 9:30 a.m., Dec. 7 public hearing to consider approval of two key transportation documents: the 2035 Transportation Plan and the Parker Road Corridor Study.

Citizens are invited to comment on both plans, the first of which - the 2035 Transportation Plan - outlines proposed improvements to a multi-modal transportation network within Arapahoe County. Incorporated with the Transportation Plan will be adoption of the Traffic Impact Study regulations, which are used for guidance in preparing traffic impact studies for land use applications submitted to the County.

The second document - the Parker Road Corridor Study - details proposed transportation improvements along the corridor between Hampden Avenue and E-470.

Both public hearings will be held in the East Hearing Room of the County Administration Building, 5334 S. Prince St., Littleton.

Copies of the 2035 Transportation plan and the Parker Road Corridor Study are available for review under What's New on the County's web site at [www.co.arapahoe.co.us](http://www.co.arapahoe.co.us). Hard copies of the plan are available in the Commissioners' Office, 5334 S. Prince St., and at Public Works and Development, 10730 E. Briarwood Ave., Centennial.

If you have questions about either document, please contact Bryan D. Weimer, Transportation Division Manager, at 720-874-6500.
