Arapahoe County opens new driver's license renewal office

Clerk and Recorder to celebrate new north Aurora location with a Dec. 1 Open House

Littleton, Colo. – Do you need to renew a driver's license or get a Colorado Identification card?

The Arapahoe County Clerk and Recorder has just made that process a little easier with the grand opening of a new driver's license renewal office at the County's Altura Plaza, 15400 E. 14th Place, Aurora, and will celebrate with an Open House, 9 a.m. - 1 p.m., Dec. 1.

The public is invited to the open house and to visit the new office, which is the third driver's license renewal location offered by the Clerk and Recorder's Office in Arapahoe County.

Each location provides driving records, driver's license renewal, Colorado Identification Cards, out-of-state transfers and transfer of permit to a driver's license with the Basic Operating Skills Test form. Other services include: motorcycle endorsements, downgrade of commercial driver's licenses, name and address changes, voter registration and organ donor registration. Arapahoe County driver's license renewal offices do not issue commercial driver's licenses.

"I am pleased to provide this additional service to our citizens," said Clerk and Recorder Nancy A. Doty. "Our new Aurora office will make it easier for our residents to renew their driver's license and help alleviate some of the long waiting times at other driver's license locations."

Office hours are 8 a.m. – 4:30 p.m., Monday – Friday. In addition to the new north Aurora location, Arapahoe County also offers driver's license renewal locations in Littleton and Centennial.

- Arapahoe County Administration Building
5334 S. Prince St., Littleton
- Arapahoe County Southeast Branch Office
12600 E. Arapahoe Road, Centennial

For more information about driver's license renewal or the new Altura Plaza location, contact the Clerk and Recorder's Motor Vehicle Division at 303-795-4500.
