## **Arapahoe County holds April 8 transportation meeting** *Citizen input needed on the 2035 Transportation Plan alternatives*

**Littleton, CO** --- Arapahoe County's effort to update the County's current 2020 Transportation Plan is well underway. An open house is being held to show the results of the countywide travel forecasts and initial alternatives for transportation improvements. The open house will be held:

4:30 – 7 p.m., April 8, 2010  
Byers High School, Commons Area  
444 E. Front Street  
Byers, CO 80103

Alternatives include new roadway connections, roadway widening and related improvements, improved I-70 interchanges, as well as multimodal improvements. The proposed improvements are focused on unincorporated Arapahoe County, while considering the need for a comprehensive transportation system.

"We'd like to thank citizens who took the time to give us their thoughts and ideas on future transportation needs," said Commissioner Rod Bockenfeld, who represents District 3, which includes Foxfield, portions of Centennial, Aurora and all of eastern Arapahoe County. "The result will be a unified multimodal updated transportation plan that will provide guidance to decision makers through the year 2035."

Citizens interested in learning more about the plan or getting notification on future meetings, can join the project mailing list by contacting Leah Langerman, Consultant Community Outreach Coordinator, at 720-225-4651 or by e-mail at [llangerman@deainc.com](mailto:llangerman@deainc.com).

Reasonable accommodations will be provided upon request for people with disabilities. If you require a specific accommodation to participate, contact Leah Langerman at 720-225-4651 or by e-mail at [llangerman@deainc.com](mailto:llangerman@deainc.com).
