Night construction scheduled for Inverness Bridge April 5

Centennial, CO – If weather permits, crews will conduct night bridge work on April 5 from 8 p.m. to 5:30 a.m. the next morning at Inverness Drive East bridge just north of the East Inverness Place Cul-de-Sac. One lane of traffic will be open which will allow for alternating east and west directional traffic. Commuters should plan for short delays controlled by workers with flags at each end of the bridge.

The County is working with the Inverness Metropolitan Improvement District to complete this project. If you have any questions, call Willie Cuevas, Arapahoe County CIP Field Engineer, at 303-210-8463.
