## **Arapahoe County extends temporary moratorium on the establishment of new medical marijuana land uses until June 14**

LITTLETON, CO --- A temporary moratorium on the establishment of new medical marijuana land uses in unincorporated Arapahoe County has been extended until June 14.

Similar to other jurisdictions, Arapahoe County has received a high level of interest from individuals and businesses seeking to establish medical marijuana dispensaries and growing operations within unincorporated Arapahoe County.

On Tuesday, the Board of County Commissioners agreed to continue a temporary moratorium on the establishment of any new medical marijuana dispensaries or growing operations in unincorporated Arapahoe County in order to review any potential adverse impacts of medical marijuana dispensaries and growing operations and ensure those impacts are adequately addressed in the County's Land Development Code.

In June, the County will revisit the moratorium or update the Land Development Code to mitigate any adverse impacts of dispensaries and growing operations in unincorporated Arapahoe County.
